

# Chapter One “Creation: The Fingerprints of God” - Study Questions

1. What is a “black hole” and how is it similar to the event of creation?
2. What was affected by the initial release of energy and matter and how could that have played a role in the counting of the 6 days of creation?
3. What aspect of creation argues strongly for a causality?
4. What declares the glory of God every night?
5. Was anyone around during creation to hear God’s voice, if so, who?
6. What is the “Goldilocks Effect”?
7. Why would the “Goldilocks Effect” be a proof of a Creator?

## Chapter Two “A Quantum Christmas” - Study Questions

1. According to John the Apostle's own words, why was the Book of John written?
2. What is light? (I'm looking for a short answer that refers to the “concept of light”)
3. What does Albert Einstein's famous equation tell us that there is a direct relationship between?
4. What aspect of the way light experiences time is similar to the way the Bible describes how God sees time?
5. Despite God's foreknowledge, what remains intact and how does that relate to our actions?
6. What was in the heart of God before time or even before we existed?
7. What did Jesus mean when He said from the cross “IT IS FINISHED”?
8. What are nine things that we can determine about the star in Matt 2?
9. In what way can we suggest that the appearance of this star is a factual event?

## Chapter Three “Quantum Physics for Beginners” - Study Questions

1. Who was Niels Bohr and how did his research contribute to the idea of quantum physics? (top of page 26)
2. What did Niels Bohr say to Werner Heisenber? (page 26)
3. What did Eugene Wigner believe would be the conclusion of the study of the external world? (page 26)
4. What did Max Karl Ernst Ludwig Planck was behind the force “which brings the particles of an atom to vibration and holds this most minute solar system of the atom together”?
5. Name 3 of the delegates from the Fifth Solvay Conference (page 27) that are referenced in this book and summarize their contributions to quantum physics. Note: some personal homework required here.
6. What aspect of the term “atom” that had been taught in schools that in reality is not true?
7. When and in which publication did Einstein publish his famous equation? (page 32)
8. How does light reflecting of a metal plate demonstrate the quantum effect?

## **Chapter Four “The Mysterious Quantum World Meets the Realm of the Supernatural” - Study Questions**

1. What is reflected in the universe God created and in what way does the natural realm help us understand the spiritual realm? (page 35)
2. In the double slit experiment, how does a beam of light appear on the screen if the stream is not observed or measured? (page 36 - refer to Illustration #4)
3. How does dropping two stones in a pool of water help to explain how light acts as a wave? (page 37 refer to ILLUSTRATION #5)
4. In the double slit experiment, how does a beam of light appear on the screen if the stream is observed or measured?
5. What is wave-particle duality and what is it called when a wave is measured and therefore changes the results of the waveform's behavior?
6. What was God's intention for our presence in this universe?
7. What are quantum entangled particles and what did Einstein call this “action”? (refer to Page 39)
8. What is the objective of the delayed choice quantum eraser experiment? (Refer to page 41)
9. What does the evidence of experiments such as the delayed choice quantum eraser seem to indicate about God's universe and the effect we have on it by our presence in it?
10. What has God placed in our hearts? (Refer to page 45)

## Chapter Five “The Intentionality of Quantum Prayer” - Study Questions

1. What law is at the core of “quantum prayer” and what are four axioms that define it?
2. In the fourth axiom, what is an essential element to activating faith as revealed in James 2:20-21. (Refer to page 47)
3. What are the conditions that Jesus tells us by which prayer functions with a successful outcome in John 15:7
4. What is at the foundation of the universe and how does this relate to our prayers?
5. Who is one of the foremost examples of faith and intentionality recorded in the Bible and what did this person do to demonstrate his intentionality? (See page 50)
6. What did God do for Abraham that changed him and what carries the full weight of God’s power to transform any situation?
7. What remarkable thing was implied when as Abraham acted in belief when he was prepared to sacrifice his son?
8. What is the term we have given to describe the parallel relationship to Abraham’s sacrifice of his son and that of God’s Son and what acts were common to both sacrifices?
9. What is a quintessential example of someone getting into agreement with what God had predicted and what was the attitude of this individual?
10. What will likely be required of us if we enter into our own personal “spiritual entanglement” with the God of Abraham and what will be the outcome?

## Chapter Six “The Frequency of the Supernatural” - Study Questions

1. What is released through the intentionality of our belief and through what are we able to interact with the material realm? (See page 57)
2. What must our faith be based in, in order to influence this plane of reality and what is necessary as revealed in it? (See page 58)
3. What did the servant of Elijah see that proved that what our natural eyes see is not that which is ultimately real? (See page 58 and 59)
4. What hypothesis do some scientists hold that suggests an advanced intelligence is behind our existence and how is this idea similar to the movie “The Matrix”? (See page 59)
5. What is the difference between New Age philosophy and what believers in the Bible hold as the main premise of our understanding? (See page 61)
6. What is the cornerstone verse for the faith movement and does this relate to the idea of the expression of faith-filled conscious intent? (See page 61)
7. What can we do to direct our intentionality through faith and by what means can we begin to experience the supernatural? (See page 62)

# Chapter Seven “Quantum Field Theory: The God Particle”

## Study Questions

1. What is the main idea that defines Quantum Field Theory? (See page 63 and 64)
2. What does Einstein’s famous equation tell us about the equivalency between mass and energy? (See page 65)
3. What scripture tells us that Jesus is the Creator and that He holds all things together? (Refer to page 66)
4. Why is the Higgs boson particle called the God Particle and what phenomenon is attributed to the Higgs mechanism? (Refer to page 67 and 68)
5. What is the name of mankind’s most sophisticated machine ever built and why was it built? (See page 68)
6. In what way is the Higgs boson particle related to the act of creation and what would happen without such particles? (Refer to page 70)
7. What commonly used technology that has revolutionized the world was developed at CERN and what was its original purpose? (Refer to page 71)

## Chapter Eight “Resonant Frequencies” - Study Questions

1. What mechanism can demonstrate resonant frequencies that we can experience? (See page 74)
2. What are marching soldiers told to do when crossing a bridge and what branch of engineering is related to this kind of vibration reduction? (See page 75)
3. What story in the Bible most relates to the idea of resonant frequencies destroying a structure and was the event entirely due to natural phenomenon? (Refer to page 75)
4. What example did Jesus demonstrate as an example that we should follow where our hearts are on the same wavelength as God and what term have we given this synchronicity? (Refer to page 76)
5. On what basis can we expect supernatural results as it relates to the Frequency of the Supernatural?
6. According to Jesus, what must we do to see mountains moved? (See page 77)
7. How do we acquire the ability to speak such powerful words that have the resonance to change the material world in a miraculous way? (See page 77)
8. When Psalm 37:4 says that the Lord will give you the desires of your heart, in what two perspectives can this be interpreted? (See page 77 and 78)
9. What causes us to at times not receive the things that we are hoping for? (See page 78)
10. In the parallel parable on page 79, what is the virus that has disabled our soul, who is the malevolent hacker, what is the antivirus software and how do we access it?

# Chapter Nine “Gravitational Waves: A New Era of Astronomy Begins”

## Study Questions

1. What is gravity and how did Isaac Newton discover it and what did he say about the origin of the universe? (See page 82)
2. What are Gravitational Waves and how are they detected? (see page 83)
3. How does LIGO work? (see page 83 and 84)
4. What are the uncanny circumstances that were common in both the first and second instances of the detection of gravitational waves (see page 85)?
5. From God’s perspective, what message is behind the momentous intersection of timing and new technology surrounding gravitational waves?
6. How does the planet Jupiter contribute to the well being of Earth to provide a specific “Goldilocks Effect”?
7. What message does comet Shoemaker/Levy and its collision with Jupiter and the observation of gravitational waves give us in these end times?

# Chapter Ten “Time and Space and the Nature of God”

## Study Questions

1. What factors affect the physics of time and space and how does this play into the plot line of the science fiction movie Interstellar? (See page 89)
2. What everyday device relies on correctly calculating time dilation and what concept is taken into consideration for this device to work? (See page 90)
3. Why is light, even though photons have no mass, affected by gravitational fields and what is gravitational lensing? (See page 90)
4. How is time and space affected by speed and direction relative to another point in time and space? (See page 92)
5. Why is it impossible to break the cosmic speed limit of 186,282 miles per second? (Refer to page 93)
6. Upon returning back from a high speed journey in a spacecraft how would time have changed for you compared to everyone back on Earth? (Refer to page 93)
8. What attributes does God have as He exists outside of time and how can we benefit as we listen for His voice? (Refer to page 94 and 95)
9. How can you increase your ability to hear God’s voice? (Refer to page 95)
10. What is in the nature of God in His understanding of time as it relates to us and how is this similar to Einstein’s understanding? (See page 96)

# Chapter Eleven “Harps, String Theory, and the Tower of Babel”

## Study Questions

1. What did the vibration of God’s voice infuse into the universe? (See page 97)
2. What is String Theory? (See page 98 and 99)
3. At the Tower of Babel what did God say was result of having one language and what is man’s motive for building? (See page 100)
4. What is God’s response to the building of the Tower of Babel?
5. What is the end result of God’s actions at the Tower of Babel?
6. What would have happened in history if God had not intervened at the Tower of Babel?
7. What has occurred at CERN that has created a work-around for mankind’s confusion of languages and, in essence, caused the rebirth of the Tower of Babel?

## Chapter Twelve “God Is Light: The Science of Light” - Study Questions

1. Why is it a reasonable approach to understanding the mystery of God is to take the time to study the idea of light from a physics point of view? (Refer to page 105)
2. What is the connection between the concept of light, creation and the Einstein’s most famous equation? (See page 106)
3. Why is God unapproachable from both a spiritual and from a physics point of view? (See pages 106 and 107)
4. Despite that fact that God is unapproachable, how was it possible for the elders of Israel to dine with the Lord as reported in Exodus 24? (See page 107)
5. When Moses encounters God speaking through the burning bush, from a physics point of view, what form of energy might God have used to convey His voice? (Refer to page 108)
6. What can we conclude, seeing that light is an aspect of God’s nature, in regards to time and His frame of reference being different from us who are time bound? (See page 109)
7. Why is it appropriate to describe God as the light of men especially in the light of the manner in which He created the sun to provide life for the Earth? (See pages 109 and 110)
8. As darkness is the absence of light, what are the consequences of mankind rejecting the light of God’s love? (See page 110)
9. At the end of all things, what does the Bible tell us will be the source of light? (See pages 110 and 111)
10. What opportunity do we now have to step into God’s light and happens when we do so? (See page 111)
11. What must happen in order for us to be able to come to the God of light and what will ultimately happen to our earthly bodies? (See pages 111 and 112)

# Chapter Thirteen “The God Dimension and the Frequency of Heaven”

## Study Questions

1. How do we define the concept of our “dimension” as it relates to space and time and what aspect is particularly difficult to understand? (See page 113)
2. How are multiple dimensions defined in regards to String Theory? (See page 114)
3. When Paul the apostle mentions the Third Heaven what is he referring to and what does that infer about the Second and First Heavens? (Refer to page 115)
4. What is the dimension that God resides in and where is it? (Refer to page 115)
5. How can what it is like in the dimension of Heaven be superimposed on earth ? (See page 116)
6. What did Jesus model for us that we must cultivate in order to influence this worldly plane? (See page 116)
7. What colorful elements are found in both Ezekiel’s account and John’s vision of heaven? (Refer to pages 117 and 118)
8. In Revelation 4:2-5 John identifies that the rainbow has the color of emerald. What does this signify about the physics of heaven? What would precipitate an emerald rainbow? What might this shade of green mean? (Refer to pages 118 and 119)
9. What is present in John’s account of heaven that indicates that there are powerful electromagnetic fields present. (Refer to page 119)
10. In addition to the amazing array of colors and energy that fills the God dimension what other striking feature fills the atmosphere in heaven?

# Chapter Fourteen “Quantum Music and the Sound of Heaven”

## Study Questions

1. What has God purposefully entrenched into the fabric of the universe that relates to the number seven? (See page 121)
2. Even in the secular world, what are the properties that music is understood to have and how has this been put to use in the medical profession? (See pages 120 and 121)
3. What is quantum music and what is the sound that is heard in heaven? (See pages 122 and 122)
4. What is the sound that is heard in heaven that could be compared to “white noise”? (See pages 122 and 123)
5. As the highest level of the release of the frequency of heaven is found in worship, what supernatural phenomenon occurs through the deliberate nature of this act. (See page 124)
6. What makes the difference when we pray, play music and/or gather together that invokes God’s presence as it relates to our intent? (See page 125)
7. What is the role of the harp and the golden bowls in the transmission of our prayer around the throne of God? (See pages 126 and 127)
8. What happens with the incense that was generated in response to our prayers as it re-enters our dimension? (Refer to pages 127 and 128)
9. In what way is the sound of the harp in heaven in response to our prayers similar to how our radios receive a signal? (Refer to page 129)
10. What role does music have in accessing the frequency of the supernatural as taught in the scriptures? (See pages 129 and 130)
11. What does God want us to do to bring into existence a manifestation of His plans and purposes on earth? (See page 130)

## **Chapter Fifteen “Spiritual Warfare, the Sound of Deliverance, and God’s Secret End-Time Weapon” - Study Questions**

1. What is the foundational scripture that is commonly quoted in regards to Spiritual Warfare? (See page 132)
2. What does worshipful music that generates a frequency of the supernatural do to the rulers of darkness? (See page 132)
3. In the incident, recorded in Second Chronicles 20:20-23 how was worship used as a weapon in Spiritual Warfare to subdue an enemy in the natural realm? (See page 132 and 133)
4. What privilege do all the saints have as it relates to spiritual warfare and what tonal instrument is specifically mentioned in this regard in Psalm 149? (See page 138)
5. What is one of God’s secret end-time weapons and which scripture in Isaiah corroborates this? (See page 138 and 139)
6. Why is the harp so particularly effective in the area of spiritual warfare and also deliverance? (See pages 139 and 140)
7. Why it is so important to surround ourselves with an atmosphere of praise and worship. (See page 140)
8. In many third world countries pagan altars are obvious, but is the need for deliverance any less in North America? (See page 142)
9. What two scriptures tell us that God Himself wants to sing over us and how does this usually take place in the world today? (See pages 142 and 143)

## Chapter Sixteen “Paradise Lost, Paradise Found” - Study Questions

1. During this cultural revolution of the 60s and early 70s what was the cry that the music of that generation called out for and why could they not achieve that return to innocence? (See page 146)
2. What attitude to most “science popularizers” toward God and why can’t the scientific method prove or disprove the existence of God as illustrated by the story of the “cobbler’s shoe”? (See page 146)
3. What claim did astrophysicist Carl Sagan make concerning the substance of the human body that the creation narrative may actually corroborate? (See page 147)
4. Fresh from the hands of the Creator, what must Adam’s ability to function on the frequency of the supernatural been like? (See page 147)
5. What was God’s ultimate motive in having Adam name all the animals? (See page 148)
6. In what sense has mankind de-evolved since the Fall in the Garden of Eden and how has this affected man’s physical existence? (See pages 148 and 149)
7. How was God’s plan that was initiated before time began, part of the means to give mankind the ability to love? (See page 150)
8. What did it take to restore Adam and what covered their nakedness and what did this indicate? (See page 150)
9. What was God’s intent in creating a dimension in time and space as it relates to the Cross? (See page 151)
10. What is the gateway to getting in touch with the frequency of the supernatural. (See page 151)

## Chapter Seventeen “Spiritual Cognitive Dissonance” - Study Questions

1. What is cognitive dissonance and what is spiritual cognitive dissonance and how does this affect our relationship with God and our emotional condition? (See page 155)
2. How are intervals of musical notes and illustration of dissonance? (See pages 153 to 155)
3. What may determine our ability to be on the same spiritual frequency as God and how, for example, would a dysfunctional father be a hindrance to the children’s relationship with God? (See page 156)
4. How can we be set free from spiritual cognitive dissonance? (See page 156)
5. As it relates to healing dysfunctional mindsets what is the primary difference between positive thinking, often associated with New Age teaching, and what we as followers of Jesus ascribe to? (See page 157)
6. In contrast, how will the name that we will be given to us in Revelation 2:17 describe us compared to how we actually perceive ourselves at this time? (See page 157)
7. In Judges 6:13-16 how does Gideon perceive himself in comparison to the declaration that the Lord make about him? (See pages 158 and 159)
8. What happens once our spiritual and emotional cognitive dissonance is addressed? (See pages 159 and 160)

## Chapter Eighteen “The Quantum Counterfeit” - Study Questions

1. What is the meaning of the word counterfeit and how does that relate to the truth? (See page 161)
2. What is the old Latin phrase that warns us not to buy into everything that comes our way and what is particularly deceptive about a counterfeit? (See page 162)
3. Why is it important to use discernment when sifting through information on the subject of quantum physics and how do speakers and authors gain credibility despite the fact that their message is New Age in orientation? (See page 163)
4. What is the difference between New Age philosophy and what the Bible teaches? (See page 163)
5. What is Quantum Mysticism and how does it seek to claim scientific credibility for their particular philosophy. (See page 163)
6. What is the one of the reasons the book *The Secret* was such a success, who has rejected its scientific merit and what is the basic philosophy behind it? (See page 163)
7. What is the common thread in the lines of New Age thought and how does Watchman Nee used the term soulish to describe this dangerous fallen human condition? (See page 165)
8. What was it that satan tempted Eve with that would appeal to her? (See page 168)
9. Why must we still not eat of the tree of the knowledge and how can we find a way that legitimately leads to the Tree of Life? (See page 167)
10. In the light of the false promises of music tuned to certain frequencies supposedly giving it a mystical power, what is the real value of a Spirit-filled musician is ministering in music under the anointing of God? (See pages 169 and 170)
11. Is there a valid use of colors during worship that can enhance a release of God's presence? (See page 170)

## Chapter Nineteen “The End of All Things” - Study Questions

1. What will happen to the universe at the End of All Things? (See pages 173 and 174)
2. What then is the cosmic forecast for the future of the universe? - The Big Freeze (See page 175)
3. What is - The Big Rip? (See page 175)
4. What is the Big Crunch? (See page 175)
5. What appears to be the determining factor regarding the fate of our universe? (See pages 175 and 176)
6. What is meant by the universe being “flat, “open” or “closed”? (See page 176)
7. Despite the doom and gloom given to us from these theories of the end, what is a great hope that is described in the Bible in Revelation 21:1-7? (See pages 176 and 177)
8. What will occur at the final intersection of the dimension of heaven and our earthly dimension? (See page 177)
9. What are the dimensions of the New Jerusalem? (See pages 177 and 178)
10. What will be the final state of the universe according to Revelation 21:22-26? (See page 178)
11. What is the final promise for all of eternity that is offered to us who love God? (See page 179)
12. What is the Kardashev Scale and where do we and where does God fall on that scale? (See pages 180 to 182)
